

BRUCE COUGHLAN TRIO Tech Sheet

Bruce Coughlan Trio tech rider: Decent front end and preferably 3 separate mixes in the 3 monitors and a competent experienced sound technician. Minimum requirements two mixes stage right 1 mix and stage left other mix and amps listed below.

1 XLR /AC / Bass Amp

Rob Becker

Upright Bass

Bass + Vocal Mic

Monitor Wedge

1 XLR

Bruce Coughlan

Acoustic Guitar

Vocal Mic

Monitor Wedge

2XLR/AC x3/3mics

Simon Kendal

Wurlitzer /
Hammond/piano

Vocal Mic

Monitor Wedge

STAGE FRONT

We can use two monitors with two mixes but the monitors would have to be high end like EAW, Mackie, JBL or similar.

Keyboard set-up varies based on travel & backline. Stereo mics on grand piano (where available) Alternately, stereo line to Nord keyboard. 1 line to Wurlitzer, 3 mics for Leslie speaker (Hammond). Alternately, stereo line to Nord keyboard.

**We will supply amps and DI's on any drive-in performance but will need backline on fly in shows.
Minimum Stage size 12' deep X 24' wide**

RE Lighting nice warm scenes with some highlighting of the three artists positions

I would be happy to discuss any of these items and needs.
