

**BRUCE  
COUGHLAN**  
*it's all about the song*

# **Pacific Standard Time**

## **Songs of the Canadian West**

*Bruce Coughlan is passionate about his British Columbia home. West Coast born & raised, he's spent decades touring across its majestic landscapes, discovering its history, meeting its people and learning their stories. All this he's woven into the songs he sings and the tales he tells.*

*As frontman for Celtic Roots band Tiller's Folly Bruce has been "stirring up ghosts" of the Canadian West and its history for years. Tales of adventurers like George Vancouver, David Thompson & Simon Fraser. Songs of human endeavour like Andrew McCulloch and his Kettle Valley Railway or the Royal Engineers who built our province's first roads and highways. Stories about our pioneers, heroes & villains.*
